We are really sorry, but from objective technical reasons we must change time of our conference for one week later.

An International Cave Rescue Congress to be held in Jura, Poland from 19 to 25 September 2005.

RESCON 05 is organised by the MOUNTAIN VOLUNTARY RESCUE SERVICE, POLAND

The main object of our congress will be:

„SAFETY POINT” - technical aspects of setting different kinds of anchors in different kinds of rocks
- tests and endurance parameters of anchors
- protecting aspects of cave environment.

During the congress we anticipate trainings in different kinds of caving and hauling techniques, and some news from rock removal.

We invite You, as well for one day trip to Cracow and Salt Mine in Wielczka.
